

Technical Specifications

Detecting frequency range: 1MHz-8000MHz

Main detecting frequency range: 25MHz-6000MHz

Detecting sensitivity: $\leq 0.05\text{mw}$ (in main detecting frequency range)

Working range: $>70\text{Db}$

Indicator: 9 grades of LED light indicators / tonal modification sound indicator

Battery: 9V packed cell

Size: 120x62x22mm
